Dear Mr. Lindblade,

This letter will confirm your reception of KBEW Radio in Blue Earth, Minnesota on the morning of January 20th, 1975.

Your letter of reception is accurate in every respect according to our program log.

KBEW operates on 1560 Khz with a non-directional power of 1,000 watts. Our transmitter is a Gates BC-1H, shunt fed to a 280 foot vertical radiator.

Blue Earth, Minnesota is located in extreme South Central Minnesota about 9 miles north of the Iowa Border. There is no other community in the world with a similar name. Our major industry is agriculture with major crops corn and soybeans. The community has a local Green Giant packing plant and is located in the valley of the Jolly Green Giant, the Minnesota River Valley.

Thank you for your reception report on KBEW RAdio.

Sincerely yours,

Paul C. Hedberg
